

JTS Middle East HR & UAE Payroll System

A Next-Generation, Fully UAE-Compliant Enterprise HR Solution

Core Modules & Features

- Dynamic Employee Management: Store structural data, visas, emirates IDs, & dynamic pay elements.
- Facial Biometric Attendance: Webcam facial capture & GPS locator clock-ins directly from browsers.
- WPS Payroll Engine: 100% compliant SIF generation, proration logic, & dynamic basic salary mapping.
- Overtime & Penalties: Auto-calculates 1.25x/1.50x Overtime rates & auto-deducts Late/Absent shifts.
- Advanced Leave Engine: Deep UAE policies governing Probation locks, dual-gender logic, & Encashment.
- End of Service (EOSB): Mathematical Gratuity Calculator for exact legal separation payouts.
- Travel & Expense: Submit financial claims through Dual-Tier Line Manager + Finance workflow.
- Loans & Advances: Automatically calculates monthly EMI and deducts evenly during Payroll batching.
- Role-Based Access: Dedicated portals for Admin, HR, Manager, Finance, and generic Employees.

Why Choose Our System?

- 100% Centralized: Eliminate fragmented Excel sheets. Everything from timesheets to payslips is central.
- Automated Math: We surgically eliminated manual math. Let the algorithms calculate the variables.
- Paperless Approvals: Line Managers review requests via Mobile/Desktop directly in their dashboards.
- Instant PDF Generation: Generates beautifully branded digital Payslips directly to your downloads.
- Infinite Scalability: The 'Pay Elements' Master allows creating unlimited custom earnings/ deductions.
